Okanagan Demolition has a **workable SEO foundation that's leaking value through fixable defects**. Our crawl scored the site **69/100 (grade C)** and surfaced **0 critical issues** plus a stack of quick wins. The pattern is consistent: the business is more capable than its search footprint suggests. Fixing the critical bugs first, then owning the high-intent "cost" and location queries competitors currently take, is the fastest path to more inbound leads.

COMPETITOR BENCHMARK

No live competitor data is connected, so there's no head-to-head to show. Scoring okanagandemolition.ca against alike competitors means crawling and grading their sites and pulling live rankings — connect a keyword data source (DataForSEO) to benchmark on keyword overlap, traffic and average position.
